

Sacramento Mountains Spectroscopy Workshop

February 22 – 23 – 24
2019

Las Cruces, New Mexico

Sacramento Mountains Spectroscopy Workshop

SMSW-1

Sacramento Mountains Spectroscopy Workshop

- An Educational Program to help each other learn Spectroscopy.
- Wear your name tags.
- Be kind to each other.
- Share information with others.
- Introduce yourself to others & the students
- Ask others to join your group discussions.

Sacramento Mountains Spectroscopy Workshop

- The *contacts* you can make here today maybe be more important than the *content* of the conference.
- Don't underestimate the value of *Networking*

Sacramento Mountains Spectroscopy Workshop

- “It is fun to have fun but you have to know how.” - Dr. Seuss
- For those who do better with equations to express this weekend!
- $$\text{Sunshine} * \text{Able to meet new people} * \frac{(\text{Able to learn new things})}{(\text{Able to buy new things})} = \text{FUN}$$

Sacramento Mountains Spectroscopy Workshop

College of Idaho students
(not the ones in green)

Sacramento Mountains Spectroscopy Workshop

Displays in Back
